Qualifications

P2 Solutions owner Wendy Green Lowe specializes in facilitating public participation services for government agencies and non-governmental organizations that seek public input for decision-making processes. She specializes in facilitating respectful collaborative processes to take full advantage of diverse perspectives and designing and implementing public participation programs for controversial public issues.

Ms. Lowe has over 35 years' experience in group process facilitation and public participation support. She has worked professionally in Alaska, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming and less extensively in several eastern states, the District of Columbia, Canada, and Australia. She delivers a 3-day Facilitation Skills for Public Participation Practitioners several times a year.

Representative Projects

- Facilitating a stakeholder working group supporting the Northern Utah County Planning and Environmental Linkages study for Utah Department of Transportation
